

Simplify what you do

Life Sciences Planning and Control Consultant

We are WCI Consulting, a Management Consulting firm employing 100 professionals across Europe and the USA.

Growing demand requires the expansion of our Consulting Team and we are looking for a small number of experienced Senior Consultants and Managing Consultants to join our Life Science Team working in the EU, whose specialist skills include Planning and Control.

This is an area where WCI already has a strong track record, regularly engaging with clients on critical programmes to radically reduce inventory levels and improve customer service levels. Our approach in this area is unique and innovative and we are looking to strengthen it further due to our continuing success.

Our target clients include leading pharmaceutical companies, as well as biotech's, agrochemicals, medical devices and generic manufacturing organisations. Our impressive client list includes 18 of the Top 20 pharma companies and we facilitate a benchmark forum in Drug Safety whose members include 15 leading pharmaceutical companies.

Key to our success with clients is our knowledge of their type of environment and our ability to work with them to implement operational improvements which reduce complexity and improve compliance to deliver substantial business benefits to our clients.

Your background is likely to include:

- Degree in Engineering, Operations Management, Science, Mathematics or closely related subject
- Experience of developing and implementing manufacturing and supply chain improvements
- Three to seven years of business consulting experience with a recognized practice
- Strong analytical skills
- A solid understanding of business processes
- Highly developed facilitation skills and client interface experience
- Lean Manufacturing and MRP knowledge and experience

You will also have experience in some of the following:

- An ability to work at all levels from Shop Floor to Board Level
- Cost, inventory and lead time reduction
- Supply chain and manufacturing operations review and target setting
- Supply chain and manufacturing strategy
- Change management
- Manufacturing business organisation design

If you would like to apply for this position or would like an informative discussion about the role, then please send your contact details, together with Curriculum Vitae to: consulting.recruitment@wcigroup.com and state the position that you are applying for in the subject field of your email.
